

2024
INTERNATIONAL

**'To create positive and educational memories
for the children of today and the adults of tomorrow'**

Now in their 18th year,
Portsmouth based Bladez Toyz continue to create
innovative toys across categories from radio control to creative play
and a growing portfolio of licensed brands including Hot Wheels, Barbie,
Minecraft, Monster High, Batman, Batwheels & Harry Potter.

- Removed over 2 million polybags from products
- Retooled R/C car fixings to be recyclable
- Removed all PVC window and replaced with PET
- Changed all Maker Kitz plastics from PVC to recyclable PP

“Today I am grateful
to Bladez Toyz for having
NO stupid packaging.
NO plastic, no polystyrene, NO
ties, NO flipping SCREWS attaching
the toys. Other toy makers, take
note. It's not hard to just stop
using nonsensical
packaging.”

“★★★★★
Bought this for my daughter. She loves it. We made it up together in a couple of hours which was a pleasure and not too difficult to do. Prefer this as it is card rather than more useless plastic polluting the world when it gets to the end of its life. Very sturdy and well designed.”
