

Pisces

The Fish

February 20 to March 20

YOU are imaginative, generous, and nice.

OTHER Pisces are spacey and easily talked into things. It's like how fish will bite a rubber worm with huge pointy hooks poking out the sides. The *other* Pisces are like that. No wonder they want to be vague about it. I wouldn't tell anybody I bit fake worms, either.

LIKES Spending time alone, dreaming, and tartar sauce.

DISLIKES Being criticized, know-it-alls, and those people that talk during movies right when you're trying to hear the best part. (You know who I mean, right? I mean all of the *other* signs of the zodiac.)
